CARRIERS' ADDRESS.

To the Patrons of the Roundabout.

Dreams of good men oft appear,
Gleams of Heaven's drawing near;
Far away from golden sky,
Star beams frequent pass them by;
Shining with a holy light,
Lining clouds of darkest night,
Brings a hope and peace divine,
Clings like some sustaining vine;
Ever through life's dreary way,
Never fading night or day.

He is a Christian true, indeed,
Free, free from avarice and greed;
Gives to the friendless and the poor,
Lives not alone for his own store;
Bestows on all a friendly smile;
Grows in grace and love the while;
He notes the troubles of mankind,
Devotes his life their woes to find,
Then lends them aid as best he can,
When troubles grind his fellow-man.
So lives that at his parting breath
No terrors mingle with his death.

True gentlemen are only those
Who feel respect for other's woes;
Will always lend a helping hand
Till those who reel more firmly stand;
Speaks to a brother in distress,
Seeks how he may both help and bless.
Cheap is the price of pleasure here;
Keep that in mind and never fear.
This is a lasting truth, indeed:
Bliss comes with every noble deed.
Who lives for others here below
True happiness will ever know.
He may be humble—poor his lot—
The man will never be forgot.

Each man owns a wondrous treasure;
Teach this doctrine well and measure:
Above all other things we prize
Love to our fellow-men is wise.
Banks are with his funds oppressed;
Thanks of those whom he has blessed.
Had his cottage, bare and cold,
Clad in garments worn and old;
At the last his end will be
That which all should like to see.

Who has lived alone for self
You will see laid on the shelf;
When life's journey has an end
Then no one will be his friend.
Gold may have its little day—
Bolt its transitory away—
Yet the owner will, at last,
Get rewards for his life's past;
Blind is he to every fate,
Finds the truth when 'tis too late.
Sad the words of tongue and pen,
Bad to know it might have been.
Years have come and years have fled;
Tears of trouble and of need shed;
Few have heeded those who cry
You and I have heard arise,
Will we list the coming year?
Still those walls are coming near—
Feed the hungry, clothe the poor!
Need we ask for pleasure more?

Pure, Peasant,

And highly effective. These are qualities possessed by the new medicine—Dr. Hale's Household Tea, the great Blood Purifier and Nerve Tonic. It has no equal as an alterative, acting directly upon the liver and kidneys and upon the nerve centres, restoring the entire system to a healthy action, giving brightness to the eyes, inducing sweet refreshing sleep and making it a pleasure to live in the enjoyment of perfect health. This finest of all remedies is for sale at 50 cents per package at South Side drug store.

Educational.

Owing to sickness we have been unable to visit several of the schools of the county, but hope to do better next time. It does us good to see the great improvement in the schools in the county this year, there is larger attendance and more interest manifested than ever before. Let the good work go on.

The Teachers Association is growing in numbers and interest at each successive meeting. The stay at home teachers will soon find themselves left out in the cold, and will then wonder what struck them. We can tell them now it was public sentiment. The people will employ only those who take an interest in their work.

We do not employ lawyers to give medicine nor doctors to expound the law; we want live, go to head teachers in our schools and will have them. The meeting of the association held in the Walcutt school house on the 20th, was a decided success in every particular. The discussions

were interesting and instructive, the programme being carried out in full. The good people of the district responded bountifully, and the dinner set before the teachers and their friends was second to none they have heretofore partaken of.

The children had decorated their school house beautifully, but imagine their feelings next morning when on entering the house they found that some wreath had been broken into the house and destroyed all their hard labor.

Such conduct would disgrace a heathen or an Indian, but for one in a civilized community, words fail us to express our contempt for the act.

The next meeting of the association will be held in Frankfort, on Saturday, January the 17th, 1891. We hope to have a large attendance of teachers and friends.

The following is the programme.

Opening exercises.
Reading—Mrs. Julia L. Williams and T. A. Brommell.

Physiology Miss Lou B. Cromwell, assisted by one of our city physicians.

General discussion.
THOS. HUNTER,
MAGGIE DOWNEY
Committee.

The place of meeting will be given hereafter.
COUNTY SUPERINTENDENT.

From Midway, Ky.

Mrs. Rena Camball, from Midway, states that for the last ten years she has suffered intensely with sick headache at times and has been entirely cured by Dr. Hale's Household Ointment. Ritter, of Midway, states that for three months he has suffered from a severe pain in his breast and was entirely relieved from it by Dr. Hale's Household Ointment. It is the great pain and skin cure. 50 cents a box at South Side drug store.

Among the Colored Citizens.

A new Colored Publishing Company has been started in Lexington. Why can't we have one in our city?

The new year finds us in the same old ruts. We have made but little, if any, progress during the past year. Instead of new business firms springing up many have gone down; instead of accumulating wealth we increase poverty; and our young men, when they have secured an education, instead of setting to work to use it, join the losing crowd. When future generations hunt for our progress in the history of time it will not be found.

Prof. W. H. Mayo has been in Ohio this week.

The City School will be re-opened Monday next.

A new firm has been started—Clark & Co., fur dealers. They have not yet been established in permanent quarters, but will be some time during the present month.

Mrs. Jeff Burns, of Lexington, who has been on a visit to her mother in this city for the past two weeks, has returned home.

Mrs. Chas Johnson will soon remove from Cincinnati to this city to reside.

The Rev. Mr. Credit had one of the largest congregations at his church Sunday night that has been out for many months. He is certainly the man the good people of the First Independent have been looking for.

A party of our people paid Covington a visit last week. Among those who went were Misses S. Walker and J. Turner and Messrs. E. B. Turner, W. Gaines, Ed. Conly and G. Washington. They report having had a grand time.

Mr. and Mrs. Settles, of Bagdad, who had been visiting Mrs. J. Cook, returned home Wednesday.

Mrs. Eddie Edwards, of Louisville, was in the city recently.

Mr. Armer Blackburn is the happiest man in town. It was a girl and weighed eight pounds. Ask him about it.

Mr. L. T. Clark attended the Odd Fellows entertainment at Stamping Ground Monday and Tuesday.

Dr. Hale's Household Ointment.

Is the finest cure in the world. It absolutely cures catarrh. It cures neuralgia and rheumatism. Cures Piles like magic. Cures Salt Rheum in the most soothing manner. Cures Inflamed and Granulated Eyelids. Cures Coughs and Colds. Can be taken internally. Cuts, bruises, burns, chilblains, sores of long standing, corns and bunions are cured quickly; different from all else; superior to all else; it is cheap; 25¢ and 50¢ boxes; large size cheaper. Sold at Phil. Carpenter's drug store, South Side.

DR. ACKER'S ENGLISH PILLS

Are active and pure. For sick headache, disordered stomach, loss of appetite, bad complexion and biliousness, they have never been equaled, either in America or abroad.

J. W. GAYLE, Druggist.

THAT HACKING COUGH can be so quickly cured by Shiloh's Cure. We guarantee it. For sale by J. W. Gayle.

Sitting Bull's Wives.

Sitting Bull had three wives, two of whom survive him. The name of one of them is The-One-That-Had-Four-Robes. The other seems to have distinguished herself by doing more than a wife's share toward keeping the name of the Bull family upon the Sioux census roll, and is called The-One-That-Had-Twelve-Two.

Baker's Famous Headache Specific cures where other medicines fail. It is the best one trial will convince you. Sold by Wickliffe Chapman, 314 Main street.

Their First Hop.

The initial hop given by the German Benevolent Society of this city, at the Capital Hotel on Wednesday evening, was largely attended and such a pronounced success as to greatly encourage the Society. Altogether Wrong.

An account of the Midway fire on Wednesday was telegraphed to the Courier-Journal, presumably from Midway, in which the correspondent says: "Appeals for help were made to the chief of the fire departments of both Lexington and Frankfort, but were ignored by both cities."

The party who sent the dispatch must certainly have been drunk or not in the place at all. Frankfort did respond as promptly as possible, but Lexington did not, though it was not the fault of the chief of her fire department.

Piano Tuner.

Mr. Chas. Vaupel, piano tuner and repairer, will be in the city January 5th. First class work guaranteed. Please leave orders at Averill's drug store.

FIRE AT MIDWAY.

Lexington Fails to Respond to a Call For Aid.

BUT FRANKFORT GETS THERE JUST THE SAME.

About half-past four o'clock on Wednesday afternoon a telegram was received by Fire Chief Ferguson from Mr. R. S. Starks, Chairman of the Board of Trustees of the Town of Midway, stating that the town was burning and calling for help. As quickly as possible the steam engine, a reel filled with hose and six men were gotten ready, loaded upon a flat-car, which was attached to the east bound C. & O. train, and sent to the relief of our stricken neighbors. When the train reached there the fire had been in progress an hour or two and had done great damage, but the car containing the engine was speedily backed up to the L. & N. water tank, the hose reel unloaded, water was thrown upon the flames in a very few minutes, and the fire was soon under control.

The fire originated in Collin's Hall and spread rapidly, until five buildings in the main business block of the town were destroyed. Following are the losses by the fire:

Forman & Parish, grocers; loss, \$1,500; fully insured.

Collins & Thompson, dry goods; loss, \$10,000; well insured, \$2,500 of which is with the Liverpool, L. & Globe.

Collins & Head, drugs; loss, \$9,000; insurance, \$5,500; T. C. Collins owned the block, which was the finest in the town. He had \$13,000 insurance on it.

J. D. Hopkins & Co., hardware, stoves, etc., were damaged \$4,500 by water; no insurance.

Starks & Co., drugs; damage, \$2,500; fully insured.

The total loss is estimated by well posted men to be fully \$50,000.

Messrs. Godson and Williams, of the Midway Cigar, whose office is in close proximity to the burned buildings, were damaged to the amount of \$250.

When the fire first broke out a telegram was sent to the Chief of the Lexington Fire Department, asking that an engine be sent to their assistance, but the Lord Mayor of the "Blue Grass Capital" was out of humor, and refused to let any portion of the department go until it was too late to be of service, when a dispatch was received from Midway saying they were not needed. Lexington should be proud of so hostile a Chief Magistrate. Frankfort, ever ready to listen to the cry of distress, answered promptly, "We are coming," got there as quickly as possible, and did good service.

New Year's Party.

Miss Bettie Keenon, daughter of Mr. U. Keenon, gave one of the largest and most delightful parties ever given in this city, Wednesday night, there being about forty couples present. Dancing was the order until 10 o'clock when a most sumptuous repast was served. After the new year had arrived the party broke up. Miss Keenon makes a charming hostess.

He suffered from the most intense anxiety which he endured on locally. I gave the patient some of Koening's Nerve Tonic and he gradually, the anxiety disappeared the headache left, and to day the sufferer, who had almost despaired, is enjoying excellent health. Bern. Oh! what a tangled web we weave,
When first we practice to deceive—W. Scott.

The prayer meeting was held again last night at the school-house, and the young people offered thanks to the great God for his guidance through the last year, and sang praises to His name.

The school at this place closed Tuesday, the 23d, and commenced again Monday, the 20th. The pupils came back after enjoying the holidays, and went to work with more vim than ever before.

The Christmas tree, one of the most enjoyable of the holiday season, was erected in the school-house Christmas eve by the tree committee. Christmas afternoon the committee on reception of presents came laden with presents for pupils and friends. In a few hours the tree was beautifully arranged. In connection with the tree was a short entertainment, which made the evening more enjoyable. The little folks did well, and their teachers and parents are proud of their efforts. After the entertainment Santa Claus came in and distributed the presents, which numbered about five hundred.

A CARD TO THE PUBLIC!

Having determined to add several new features to our Implement, Harness and Buggy Departments, and to carry a much larger and varied stock than heretofore, which, when run to its full capacity, will require all of our attention. We have therefore concluded to retire from the grocery business, and we are offering our stock of groceries to the public. We desire to say that everything offered will be sold at cost, and nothing will be reserved.

Before retiring from the grocery business, we desire to extend our thanks to the public for their patronage in the past, and trust we may have a continuance of same in our other departments in the future.

Very respectfully,

OFFICERS ELECTED.

Masonic Lodges.

We were in error when we stated in our last issue that there would be no election of officers held on Saturday night last, December 27th, by the Masonic Lodges of this city, owing to the fact that they will soon be consolidated. The by-laws required that an election should be held on that day, so the following officers were selected to serve until next Wednesday evening, January 7th, at which time Grand Master Chas. H. Fisk, of Covington, will be here and preside at the meeting, and Hiram Lodge No. 4, and Esoteric, No. 532, will unite under the name of Frankfort Lodge, No. 4.

Death of Mrs. Craft.

Mrs. F. L. Craft, wife of the ticket agent of the L. & N. Railroad Co., in this city, died Wednesday afternoon, at the residence of her mother in Shampine Ground. She leaves a little babe but two weeks old and a little boy and girl to the care of a fond and devoted father. A day or two after the birth of her babe the news was received that, by the death of an uncle in Texas, she had fallen heir to considerable property, which so excited her, in her then weak condition, that she grew steadily worse until the Master called her home. She was a most excellent lady, a consistent member of the Christian Church, and the sorrowing friends have the sweet consolation of knowing she fell asleep upon the Savior's breast. The stricken husband, little children and aged mother have the sympathy of many friends in their great affliction.

Ways-Jones.

Mr. Merritt R. Ways, formerly of this city but now of Georgetown, and Miss Maria Jones, of Georgetown, were married at the Palace Hotel in Cincinnati on Tuesday, December 22d. The ceremony was performed by Rev. Johnson Myers, of the Ninth Street Baptist Church in that city. Mr. Ways and bride returned to Georgetown on Christmas day, where an elegant dinner awaited them at the home of the groom, prepared by his daughter, Miss Maud Ways. The many friends of Mr. Ways in this city extend the compliments of the season, and the wish that Mr. Ways and bride may enjoy many years of happiness and prosperity.

Cars Running.

The street cars commenced running regularly last Monday upon Georgetown's new street railroad, though the first trip over the line was made on Christmas eve. We are not so far behind, for we will have an electric street railroad in the spring. We understand that everything has been arranged and we will certainly have the road, but when is not definitely settled. We are needing it now, at least those of us who live on the South Side, worse than a fellow needs a pistol in Texas.

Very Fortunate.

Our little city was very fortunate in escaping the great damage from the recent heavy sleet and snow which visited some of our sister cities. But few trees, telephone and fire alarm wires were injured here,

while in Lexington the telephone and fire alarm systems were rendered almost useless. There has been no time within the last two weeks that an alarm of fire could not have been sent in from almost any box in the city.

Out of the Race.

Mr. W. S. Dehoney has withdrawn from the race for School Trustee in the Second Ward, his business engagements being such that he could not give the office proper attention if elected.

Hon. Tom Varnon Dead.

Hon. Thomas W. Varnon, county Judge of Lincoln county, died suddenly at his home in Stanford last week, of heart disease. Many of our older citizens remember him as the genial, clever gentleman who represented the Lincoln district in the Senate back in the 60's.

Extension Granted.

The County Court of Bourbon county, on Saturday, extended the time in which the Kentucky Midland Railway Co. is to complete the road from Paris to the Bath county line, one year from January 1, 1891. All the magistrates were present and the vote stood 10 for to 6 against the extension.

Finger Shot Off.

Young Warford, son of Mr. Joel Warford, who lives on the Woodson place, near Big Eddy, was out hunting on Monday when his gun was accidentally discharged, tearing off one of his fingers. The wound was dressed by Dr. Samuel E. James and the young man is getting along as well as possible.

Steele Discharged.

Frank Steele, of Woodford county, who was arrested last week upon the charge of sending an obscene letter through the mails, had and examining trial Monday before Commissioner Ford, and was discharged from custody, the language used in the letter not being of such a character as to sustain the charge.

Going to Leave Us.

Rev. Father Lambert Young, who has had the pastoral care of the Church of the Good Shepherd, in this city, for the past twenty-three years, will resign his charge about the first of May and return to the home of his childhood in Holland. Father Young has made a host of friends in this city outside of his congregation who will regret to see him leave, and the members of his Church are exceedingly sad at the prospect of parting from him.

Christmas Egg.

A hen belonging to Mrs. Emma Bratton Martin, who lives near Switzer, this county, laid an egg on Christmas day which measured nine inches in circumference the long way and seven inches the small way. Thinking it was only a double yolk egg, though an unusually large one, Mr. Martin broke the end of the shell for the purpose of using the contents, when she discovered that another egg, with hard shell, was incased on the inside, the white of the outer egg forming a cushion for it. Mr. R. J. Martin brought the egg to town Wednesday and we had the pleasure of examining the great curiosity. He will have the inner egg blown and preserve both shells as a curiosity.

Pump War.

The old well in front of Dudley Institute on Second street was, upon petition of several citizens residing in the neighborhood, declared a nuisance by the City Council on Tuesday night, and ordered filled up. The petition stated that such noisy crowds assemble around the pump at night that the residents in the immediate vicinity are unable to sleep for the racket that is kept up. Wednesday morning an effort was made by the city authorities to take out the old pump, when an injunction was gotten out by Messrs. J. W. Gault, J. B. Utterback and others, restraining the city from further proceedings under the order of the Council. So the old pump still stands, and no earth has been thrown into the well.

Horace Greely said "go west, young man"—but we suggest that whoever who raises chickens get a bottle of Gault's chicken cholera cure. If it fills your money will be refunded by Phil. Carpenter.

Council Proceedings.

ADJOURNED MEETING.

TUESDAY, Dec. 30, 1890.

Present—President Smith, Councilmen Buckley, Haly, Milam, Mangum, Tobin, Watfield and Williams. Absent—Councilman Miles.

The minutes of the last meeting were read and approved.

Petition of David Kirk, asking that a fine in the city court against him be remitted. Referred to police committee.

Petition of James Smith, asking that a fine against him in the police court be remitted. Referred to police committee.

Petition of Prof. Turner asking that the well in front of his house be closed up. Granted.

Councilman Milam moved that the finance committee be instructed to settle all outstanding debts of the city as far as was in their power to do so.

The finance committee reported favorably on the street railway bond, and it was accepted.

The committee on bridge reported the petition of the Water Company asking to be allowed the right to place an additional water pipe on the bridge without expression of opinion as to whether it shall pass.

The vote was afterward taken on the above petition and resulted, yeas, 3; nays, 5.

The committee on gas reported in favor of the addition of gas posts on the South Side. Adopted.

The bids for building new pavements and repairing old ones were opened, and they were referred to the street committee to report at the next meeting of the council.

After the usual accounts were allowed, the council adjourned until next Friday evening at 7:30 o'clock.

Great Expectations.

Brother George Levels, of the Roundabout, wore a diamond pin on Sunday night, the worthily bestowed gift of the appreciative employees on Christmas day. Last year he got a beaded cane, and a year before a gold mounted umbrella, and next year he expects to receive a carriage and a pair of horses. And here's hoping he may get them.

Thank you, Colonel, for your good wishes, but next Christmas is too far away for us to begin expecting. Besides, he that expects nothing is seldom disappointed.

Deadly Wires.

Two horses were killed in Lexington this week by coming in contact with wires of the electric street railway which were broken down by the sleet. The rider of one of the horses was also badly injured by the electric shock received through the body of the horse.

Great Discoverers.

What Bell and Edison are to the telephone and electricity, says the *St. Louis News*, Dr. Franklin Miles, the well-known specialist in nervous diseases, is to the nervous system and nerve fluid. Among his numerous discoveries, the Restorative Nervine is undoubtedly one of the greatest. It is unsurpassed in nervousness, dyspepsia, headache, epilepsy, neuralgia, backache, rheumatism, sleeplessness, change of life, etc. Free trial bottles of it may be had of J. W. Gayle, druggist. All should read his "New and Standard Method for Affected," a very able, interesting, and finely illustrated book. Free to all.

Millie Rhea.

In "Josephine, Empress of the French," Rhea's successful historical novel, all the interesting characters that figured in those stirring times between the divorce of Josephine from Napoleon Bonaparte and the former's death, are said to be very cleverly outlined by the author of the play, Albert Roland Haven. Napoleon is shown in all the strength of his imperious, domineering, ambitious manhood; Josephine in all the nobility of her patriotism and sympathetic and loyal womanhood. She is represented as loving Napoleon well, but France and the Empire more. Napoleon is shown as he was—a diplomatic schemer whose brain never seemed to weary of intrigue. The character of the valiant Murat is clearly out, as also those of the wild Fouché, the devoted son Eugene, the mischief-making Pauline Bonaparte, the heartless second Napoleon, Marshal Louis of Austria and the good natured Duke of Dantzig.

At the Opera House Monday evening, January 5th.

Gratifying to All.

Commend to public approval the California liquid fire remedy, Syrup of Figs. It is pleasing to the eye, and to the taste, and by gently acting on the kidneys, liver and bowels, it cleanses the system effectually, thereby promoting the health and comfort of all who use it.

Married at the Pen.

Marriage ceremonies have been performed in a balloon, high up in the air, under ground in the Mammoth Cave, and other odd places, but one would hardly think of a couple's wedding taking place where they would be joined in marriage, and we were therefore surprised Tuesday morning, upon answering a call at our telephone, at being invited to attend a wedding at the Kentucky Penitentiary. We hastened to the spot, but the bridegroom delayed his coming until high noon. When the bells were ringing for the convicts to quit work for dinner the radiant young couple stood side by side in the Warden's office, in the presence of the officiating minister, Rev. H. H. Kavanaugh, prison chaplain, and Warden Bolan, Assistant Warden Marshall and a number of guards and other employees at the prison, and there, amid the strange and awe-inspiring scenes of bolts and bars, a few men wearing blue official uniforms and many the striped garb of felons in token of the power and majesty of the law, the solemn rites of the church were pronounced that fast locked the couple in the bonds of matrimony.

As soon as the congratulations were over and the blushing bride could compose herself, the groom proposed a bridal tour of the Penitentiary, and in the care of two

guards, they were conducted throughout that institution, and subsequently took their departure for their home.

The parties to the contract were John H. Southworth and Miss Annie E. Jones, of Scott county. The young lady, who is eighteen years of age, and quite rosy and good looking in features, is the daughter of Mr. A. H. Jones, a well-to-do farmer, of the same neighborhood. The groom, not quite twenty-one years, despite his very youthful appearance, furnished proof in outwitting the young lady's recalcitrant parent that he was less innocent than a lamb and a trifle more bold than he looked. Mr. Jones swore that the would-be groom should not have his daughter, but that same young man won to his aid the tender heart of his mother-in-law-elect and a friend in the neighborhood named James Rollins, and with these augmented forces, he boldly planned a midnight elopement.

At an agreed signal the mother arose from the bed where her husband lay sleeping and unlocked the door of the room in which Miss Annie had been imprisoned, gave her liberty and a mother's blessing.

Rollins, the mutual friend, met the young lady at the door and escorted her through the woods to the turnpike, where the groom was in waiting with a carriage. The party drove rapidly to this place and sought the penitentiary immediately as the best place to find a minister and willing friends to assist them in their plans.

Mr. William T. Price, a Justice of the Peace, at Richland, Nebraska, was confined last winter with a severe attack of lumbago; but a thorough application of Chamberlain's Pain Balm enabled him to get up and go to work. Mr. Price says: "The Remedy cannot be recommended too highly." Let any one troubled with rheumatism, neuralgia or lumbago give it a trial and they will be of the same opinion. 50 cent bottles for sale by J. W. Gayle. 17-1m

HUDSON, HUMPHRIES & CASSELL!

History has recorded the fact that it is not very agreeable to have the census taker come to the door. Believing the Ridge scribe cheerfully furnished all information, answered all questions of the census man in the counties of Franklin, Powell and Lee, Powell and Lee wrote it in their papers by census, and the comparison made by Franklin county seemed hard to please, for the papers were sent back from Washington a few weeks ago, because the number of eggs laid by scribe's hens did not tally with the capital count. The census men were told that it was men's guesswork about the number of eggs laid in a year, and that a hen
